COMPATIBLE WITH
SMART-WIRELESS
TECHNOLOGY

PREMIUM CONSTRUCTION

Premium, corrosion-resistant, double-coated steel to ensure longevity of use and aesthetic appeal for years to come.

CERAMIC SCREEN

Spreads heat evenly across any area while minimising light emission from the heating element.

DIMMABLE LIGHT

Complete flexibility over level of brightness for the right amount of ambience.

PRECISE CONTROL

Accurately adjust the heat output (0/33/66/100%) for complete control over the level of comfort.

UNIQUE DESIGN

Elegantly understated design that complements any design-focused outdoor environment.

SUBTLE AESTHETICS

Add warmth and comfort to outdoor spaces while striking the perfect balance between ambience, style, and functionality.

A photograph of an outdoor dining patio. The patio is covered by a large black awning. Several black, curved, wall-mounted heaters are suspended over the tables. The tables are set with white plates, glasses, and silverware. There are black metal chairs and a black metal sofa with white cushions. The floor is covered with a patterned tile. In the background, there are trees, a street with cars, and a brick building.
